Mr Randy Reeg
City Administrator
300W. Prospect St.
Thorp, Wis 54771

Dear Mr Reeg,

As a representative of Birchwood Best, I feel it is my duty to request that you look into the repairing of the railroad crossing on Cemetary Road on the east side of Thorp. I have had a number of employees comment that it is very hard on their vehicles and those riding bikes or mopeds have said it can actually be dangerous. The trucking companies that service our facility have also asked if anything can be done to get the crossing repaired. Most of them prefer to use an alterior route when possible.

Anything that you can do to encourage the repairing of this crossing would be much appreciated.
Thank you for your time.

Sincerely,

A handwritten signature in black ink, appearing to read "Bill Arciszewski", written over a horizontal line.
